

Belo Horizonte, January 8, 2019 – Banco Inter S.A. (B3: BID14), the only complete and free digital bank with financial products and services for individuals and companies, announces today the preview of its operational results of the fourth quarter of 2018. The presented information is preliminary, unaudited and subject to revision.

HIGHLIGHTS | 4Q18

GROWTH

- In December, we surpassed the mark of **1.45 million digital checking accounts**, 3.8 times the number of 2017 YE;
- In the fourth quarter, **414 thousand** new accounts were opened, a historical record for the Company;
- Only in December, we opened more than **7.7 thousand new accounts per day**;
- We finished the year with more than **95 thousand** qualified clients to operate at Inter Open Platform (PAI) – a complete investment platform with fixed income products, investment funds, Home Broker without custody and brokerage fees and Private Pension with 100% digital contracting.

ENGAGEMENT

- In the fourth quarter of 2018 we launched **four new products** that contribute to increase engagement and monetization of costumers: **Inter Open Platform (PAI)**, **Real Estate Consortium**, **Financial Protection for Payroll** and **Guaranteed Real Estate Letter (LIG)**;
- By the end of December, we conducted our first issue of Guaranteed Real Estate Letter (LIG), in the amount of BRL 12 million, a new investment product which will serve as funding for real estate loan operations, the flagship of the bank;
- By the end of 2018, the Monthly Active Users (MAU) reached **847 thousand**;
- To deliver better experience and more products in 2018, we had **26 updates in our App**;
- In December, we had more than **339 thousand downloads** and **16.5 million logins** in our App, annual growth of **299%** and **265%**, respectively.

MONETIZATION

- We surpassed **115 thousand depositors**, an increase of 238%, reinforcing our funding capability and contributing to the pulverization and reduction of funding costs;
- In only 4 months, the Savings Deposits attracted **32 thousand depositors**;
- In November, we launched the Orange Friday Campaign, offering special conditions for investment and credit products, generating a **47% increase in the number of new applications** between October and November.
